CERTIFICATE

Web Development Intern

by CODSOFT
20/01/2024 to 20/02/2024

WORK EXPERIENCE

Web Developer Intern

CODSOFT

January 2024 - February 2024

Kolkata, India

- One month internship at CODSOFT company based in India.
- Projects were assigned with three levels. Each levels had their own languages, frameworks or databases according to the task.
- Built portfolio, a landing page and simple calculator using HTML, CSS and JavaScript.
- Also hosted on GitHub ([Link](#))

Data Annotator and Data Entry

Cloud Factory

September 2021 - January 2023

Nepal

- Label basketball players frame by frame with their name, jersey number, and color of the jersey, etc.
- Annotate images of persons with a skeleton pattern for pose estimation.
- Ensure accuracy and consistency in labeling across videos and images.
- Extract data from PDFs and enter it into Excel spreadsheets.
- Handle large volumes of data entry with attention to detail.

COURSEWORK

E-commerce Website

Project Management

- Worked on a college group project during the third year of Bachelor's degree.
- Built a responsive e-commerce website from scratch with tech stacks like PHP, Bootstrap for CSS and database MySQL.
- Applied concepts of project management like Initiation, Planning, Execution, Monitoring and Controlling, and Closing Phases.
- Gained hands-on experience in both web development and project management principles.

Shopping Website

Laravel (Advanced Web Development)

- Assigned project at the start of the last year of Bachelor's degree.
- Developed a simple shopping website focused on CRUD operations.
- Applied concepts such as MVC patterns, ORM, Authentication and Authorization, Validation and Sanitization, Routing and more.
- Gained practical experience in web development using a modern PHP framework.

WhatsApp Clone

Flutter (Final Project)

- Proposed and implemented a WhatsApp clone mobile application.
- Used Flutter for the frontend development and Firebase for the backend infrastructure.
- Successfully replicated all the key features and functionalities of the WhatsApp application.
